

Commissioners Notes:

Dear Landowners,

Here's what going on in your area:

County News, we are working with 2 landowners to put together some options for a better use of the current land use. This could help ensure better land management practices and reduce large amounts of sediment that ends up in the Lake.

We have a new Parks Director, Tyler Luethje he started back in June . He is excited to get a new Countywide Parks and Trails Board started in the next few weeks. At that time I will be looking someone to sit on that board to help to create a new vision for the Parks and Trails Board.

Road Projects, The County is currently finishing up with countywide sealcoating and striping. We still have few blacktop jobs that will be finished up the end of Sept.

Intersection Lighting, Still trying to get the Intersection of Co. 19 and Blue Earth Co. Line RD.

There is questions about (VRO) Vacation Rental by Owner we thank you for your concerns, by letters and phone calls. More to come on this.

New Justice Center, We are going to build a new Justice Center to house the Court System , Jail Probation, Dispatch, Sheriff and Emergency Management. This project should be completed by July/Aug. of 2019.

What's ahead, Countywide Tire and Appliance Collection at the Nicollet Co. Fair Grounds.

400 West Union Street, St. Peter

Saturday Oct. 7th from 9:00 to 1:00 Great time clean before winter.

As always thank you for your support, keep up the great work you do.

If you have any questions Call me at 507-317-5095 or email at srohlfing@co.le-sueur.mn.us

Thanks again, Gump
